

Case Study

Name: Edward Amofah
Programme: Thurrock OnTrack
Outcome: Team Leader – TCHC

Edward Amofah was 24 years old when he was supported by OnTrack Thurrock from April 2017 and had an interest with working with youths.

As TCHC was delivering our GAPs Study Programme at The Inspire Hub, Edward came and completed some work experience with us. After his trial, we decided to offer Edward a position as a Customer Service Tutor by using OnTrack Thurrock's funding to help Edward gain his Level 3 Award in Education and Training Qualification to enable him to teach.

This has transformed his career. In September 2018, Edward was promoted to a Team Leader and gained his TAQA Qualification with us and is due to finish his Level 3 Team leading Apprenticeship this Summer.

During this time Edward's confidence, experience and abilities have grown from strength to strength. I am hoping he will be managing our centres very soon.
