

# THE EASTERN CYBER RESILIENCE CENTRE

## WHAT IS THE EASTERN CYBER RESILIENCE CENTRE (ECRC)?

It's a partnership between the police, the private sector and academia, set up to help businesses protect themselves against cybercrime by improving their cyber resilience.

## WHERE DOES THE ECRC OPERATE?

Kent, Essex, Norfolk, Suffolk, Hertfordshire, Cambridgeshire and Bedfordshire.

## WHAT DOES IT DO?

It provides small to medium-sized organisations with an affordable way to access cyber security services and resources to help protect themselves from attack.

## HOW CAN BUSINESSES ACCESS THE ECRC?

to our core membership to receive practical advice on the foundations of cyber resilience. Upgrade to a flexible paid-for range of options to suit the level of support required.

Which our Police-led team can help you identify what's most relevant to you.

### CORE MEMBERSHIP

- ✓ **NCSC Guidance** - how organisations can protect themselves in cyberspace including 10 steps to cyber security from the Government NCSC division.
- ✓ **NCSC Exercise in a box** - a tool to give your organisation a 'dummy' run of a cyber attack. Similar to testing your fire drill. Tailored to different sized organisations.
- ✓ **NCSC Board Toolkit** - resources designed to encourage essential cyber security discussions between the board and its technical experts.
- ✓ **E-news** - regular digestible updates relevant to Eastern organisations about cyber resilience.

### ADDITIONAL MEMBERSHIP OPTIONS

for further details about our membership options.

## AFFORDABLE CYBER RESILIENCE SERVICES

Our integrated range of nine cyber resilience services are designed to help businesses assess, build and manage online networks as well as assisting businesses and their staff to have the right strategies to respond to incidents efficiently and so mitigate any potential damage a cyber-attack may create.

**CYBER  
ESSENTIALS**

Through our network of Trusted Partners your business can achieve Cyber Essentials accreditation.

Cyber Essentials is a simple and effective Government-backed scheme, supported by industry experts and the Cyber Resilience Centre Network, that will help you put measures in place to protect your organisation, regardless of size or sector, against a range of the most common cyber-attacks.
